BIG BOOST FOR BUMPER CROP

BENEFITS IN THE COUNTY ARE UNTOLD SAYS FLEETWOOD

AT OPPORTUNE TIME

Roads in Bad Shape Yesterday—Newly Worked Piece Between Rosendale and Savannah.

The total amount of rainfall for the last two days was 1.08 inches, according to J. R. Brink, local weather observer. The weather report is fair and continued warm.

"It was a wonderful rain that fell yesterday and the night before," said J. Ross Fleetwood, county agent, this morning, and he continued by saying that it was untold benefit for the crops—remarking that it was worth "a nickel a drop or a million dollar rain as the popular expression goes."

"The corn was in need of moisture and the rain came at an opportune time, falling with out wind it soaked into the ground, and will be sufficient now for almost two weeks to keep the grains and corn in shape," Mr. Fleetwood remarked. Although the recent moisture was of not much benefit to the clover and wheat, the corn, second crop of alfalfa, pastures and oat crops were given a big boost, was the opinion of the county agent, and was greatly pleased, as he was really not expecting any great amount of rainfall at this time.

The greater share of the corn in the field is clean, Mr. Fleetwood said, and with this rain of yesterday and warm weather for about ten days it will jump right along, believing he said, that the prospects for a bumper crop in the county were greatly boosted. The wheat in the county is so far along that the rain was of not much benefit, but the pastures were greatly aided, commented Mr. Fleetwood.

The rain came down so gently that there is not much chance of there being much damage incurred, he said. However, remarking, that during every rainfall there is a certain amount of washing fields, which is to be expected.

The roads were made slippery and traffic yesterday on dirt roads was slow and tedious. The bus that runs to St. Joseph from Maryville did not make the trip, but would start out this morning, according to the driver, C. R. Hastings, about 8:30 this morning. He said that there is a bad piece of road between Rosendale and Savannah, as it was recently worked. The rain was general in this part of the state, extending up into Iowa, where storms were prevalent and Kansas got its share of the much needed precipitation.

Senator Reed Wires Navy Department

Urges Secretary Wilbur to Have Shenandoah to Be Routed Over Maryville

Senator James A. Reed is using his influence to have the navy dirigible Shenandoah sent over Maryville on its trip from Des Moines to Creston and then to St. Joseph, according to a wire received by James B. Robinson and George B. Baker this morning. The Shenandoah will make the trip the last of this month or the first part of July.

The telegram from Senator Reed was as follows:

"Your letters received. I have wired Secretary Wilbur urging ship be flown over Maryville if feasible. Will advise."

Analysis City Water Report Is "O. K."

The city water, as tested June 9, at the College laboratories, is confirmed as O. K., according to a report received at the city hall this morning from the College.

The report is that city water drawn from the pipes at the College contain only twenty bacteria to a cubic centimeter and that the gas is negative.

Condition Secretary Weeks Is Improving

Boston, June 13—Unsatisfactory reports today about the condition of Secretary Weeks, were said to be unfounded by competent physicians. His condition is barely satisfactory and he is improving after the result of an operation for gall stones.

Mr. and Mrs. J. L. Funk Are Visiting Here

Were Joined Here By Their Two Sons, Who Have Been Attending School.

Mr. and Mrs. J. Lester Funk of El Reno, Okla., arrived in Maryville last night for a several days' visit with friends. Their son, Gus Funk, who has been attending school at Washington Lee University, Lexington, Va., arrived in Maryville yesterday to meet his parents, and another son, William Funk, who is attending the Lake Forest Academy near Chicago, will arrive in Maryville tomorrow to join his parents. They are guests at Hotel Baimum. Mr. and Mrs. Funk made the trip as far as St. Joseph in their car where they were forced to leave it on account of the rain yesterday. They will also visit in Ravenwood and Parnell before returning home. Mr. Funk was formerly prosecuting attorney of this county.

DR. W.F. BURRIS TAKES CHARGE

BECOMES SUP'T. AT MARIONVILLE, INSTITUTION JULY 1.

LONG CHURCH RECORD

Will Be Succeeded in St. Joseph District By Dr. E. B. Thompson of St. Joseph.

Today's St. Joseph Gazette had the following:

Dr. William F. Burris, who has been superintendent of the St. Joseph district of the Methodist Episcopal church for the last two years, will assume the duties of superintendent of the Home for Aged Folks at Marionville, Mo., beginning July 1, and his place in the St. Joseph district will be taken by Dr. E. B. Thompson, executive secretary of the Missouri Methodist hospital of St. Joseph. Dr. O. J. Carder, pastor of the First Methodist church of Carthage, Mo., will succeed Dr. Thompson here.

Doctor Burris has a long and successful record of service in the Missouri church. He has served 31 years in this conference, and has been a district superintendent for 21 years, longer than any other man in the conference. He has preached in every church building in the conference, with the exception of two, those at Higginsville, and Pollock, Mo.

Helped Build Hospital.

He was superintendent of the Ensworth hospital from 1920 to 1923, and was active in the drive to raise funds for the building of the Missouri Methodist hospital and was chairman of the building committee. He has been a member of the board of trustees of Missouri Wesleyan college for 25 years, and for the last eight years

Wear Necklace Down the Back

IF you draw a V from shoulder line to waistline, and then scoop out the material inside the V you uncover quite an expanse of back. If this bothers you at all, follow the plan of Carmel Myers and wear one of the new back necklaces of diamonds and pearls—just like the pendant effects that were once worn down the front. It breaks up the dead white of the shoulders and offers some explanation for the cut of the frock. Really, it's a very smart thing to do these days.

BAN SMOKES TO MINORS

PROSECUTING ATTORNEY INTERPRETS THE STATUTES.

CAN'T GIVE THEM AWAY

Is A Misdemeanor to Sell to Minors or For a Minor to Use Cigarettes, Mr. Wright Says.

"Several general complaints have come into my office saying that minors in this city, and also throughout the county, are using cigarettes," George Pat Wright, prosecuting attorney, said this morning.

"I would like to make it plain to the people of this county the state law in regard to the sale and use of cigarettes or cigarette papers to boys under the age of 18 years," Mr. Wright explained. "It is a misdemeanor for anyone, selling, or even giving away cigarettes or cigarette papers," he said and I shall prosecute to the fullest extent of the law any specific complaints brought to me in this regard."

For the general information of the public Mr. Wright quoted the statutes, two sections, relating to the sale and giving away of cigarettes. The law is to the effect:

"Any person who shall by himself or his servants or agents directly or upon any pretense or devise sell, give away or otherwise dispose of to any person under the age of 18 years, any cigarette, cigarette paper or wrappers, or any substitute thereof, for the purpose of being filled with tobacco for smoking, shall be adjudged of a misdemeanor and upon conviction be punished by a fine of not less than $10 nor more than $100 for the first offense, nor more than $500 for the second offense."

The second section of the statute relating to the penalty for persons under 18 years of age using cigarettes is:

"Use of cigarettes by minors in public places forbidden—Every person over the age of 10 years and under the age of 18 years, who shall smoke or use cigarettes on any public road, alley, park or other lands, used for public purposes, or in any street car, shall upon conviction be adjudged guilty of a misdemeanor and punishable by a fine of not more than $10."

Mr. Wright said that the use of cigarettes by minors in this locality is appalling and that he shall take means to enforce the law in this regard. He said that just recently when nine boys were brought up before him in juvenile complaints, and that each and every one admitted that they smoked cigarettes.

Mr. Wright made it emphatic that he desired to have the law concerning the use of cigarettes by minor and the sale, or even the giving away of such articles, clearly understood.

Continue Efforts to Get Shenandoah Here

John McDaniels, Mayor of Savannah, Says He Will Co-operate—C. of C. Continues Efforts.

The Chamber of Commerce is putting forth every effort to get the giant dirigible, the Shenandoah, to map its itinerary over Maryville. The co-operation of Barnard, Savannah, Bedford, Ia., and Hopkins, has been requested in an every effort to get the balloon to come over these towns, according to D. A. Caldwell, secretary of the Maryville Chamber of Commerce this morning.

Letters were written to the mayors of these towns by Mr. Caldwell and a communication received this morning from John McDaniel, mayor of Savannah, who said "that we will be glad to co-operate and trust efforts to bring satisfactory results."

Mr. Caldwell says that the direct route of the Shenandoah, in case it flies from Creston, Ia., to St. Joseph would, in this county, be directly over Conception Junction.

LaFollette to Spend 70th Birthday in Bed

Contracted a Cold Due to the Sudden Change of Weather When the Heat Wave Broke—70 Tomorrow

Washington, June 13—Senator Robert M. LaFollette of Wisconsin, will celebrate his seventieth birthday in bed. He contracted a cold due to the sudden change in the weather when the heat wave broke and physicians have advised him to remain quiet. He will be 70 years of age tomorrow.

Another Dies as Result of Fight with Bandits

L. M. Stout, President of Sulphur Springs, Ark., Bank, Dies of Wounds.

Sulphur Springs, Ark., June 13—Another death is probable as the result of the bandits raid at fight at Sulphur Springs during the encounter of L. M. Stout, president of the bank, when he was wounded and died of fatal injuries. Elmer Johnson, son of a local car dealer, who was shot by the bandits is in a hospital at Joplin.

He was shot in the face by buckshot by the bandits.

ARNOLD KILLED L. HATFIELD

MRS. ARNOLD WAS INTIMATE WITH SLAIN MAN.

WAS IN SELF DEFENSE

Says That Hatfield Drew Revolver While Seated in Motor Car With His Wife.

Kansas City, June 13.—William H. Arnold killed Lawrence I. Hatfield after Arnold had spent an entire night in a downtown hotel questioning his wife, Mrs. Mildred Arnold. The inquisition ended at daybreak with Mrs. Arnold confessing her intimacy with the slain man.

That, in brief, was the story told by Arnold yesterday afternoon to a jury in Judge Nelson E. Johnson's division of the circuit court, where Arnold is on trial for the murder.

Arnold, insisted, however, that he shot Hatfield in self-defense, when Hatfield drew a revolver from his pocket while seated in a motor car with Mrs. Arnold on a road near Grandview the afternoon of November 30, last.

Arnold was on the stand virtually all of the afternoon, and the cross-examination was only partly completed at 5 o'clock when Judge Johnson ordered adjournment until 9 o'clock this morning.

The courtroom again was crowded for the afternoon session. The crowd lined the walls three deep, and every seat was occupied.

Arnold was a calm witness. At times he smiled. Once Forest W. Hanna, formerly of Maryville, prosecutor, referred to the smiles, and asked if the incidents surrounding the murder had caused him to smile, and Arnold quickly replied that they did not, "then or now."

First Kansas Wheat Is Reported Today

First Car Sells at $1.66 on the Kansas City Market to J. F. Harold Grain Co.

Wichita, June 13—The first day of the new wheat crop are on record today. A car was sold at auction to J. F. Harold Grain Co. at $1.66 a bushel on the Kansas City market.

Swollen Streams Drive Farmers From Homes

British Government Sends Supplies and Provides Shelter for Farmers in Manitoba District

Winnipeg, June 13—Driven from homes by flood water of the Whitemouth and Birch rivers, which overflowed their banks, eighty-three farmers in the district of Manitoba, were today kept from starvation by the government providing them with shelter and provisions.

Galveston Resumes Business After Flood

Rainfall to Extent of 9.66 Inches Fell There Yesterday, Hampering All Kinds of Service.

Galveston, Texas, June 13.—Galveston business today was getting back to normal after a record breaking rainfall yesterday of 9.66 inches.

Skiffs, canoes and rowboats floated through the streets which were regular canals.

Electric light, water, gas and telephone service went out for the day in the downpour.

Okla. Man Appointed Asst. Attorney General

Washington, June 13.—President Coolidge today appointed Bertice Marvin Tarmenter of Lawton, Okla., as United States assistant attorney general.

BATTERY C IS TO TAKE PART

LOCAL NATIONAL GUARD UNIT TO MOBILIZE JULY 4.

MAYOR AWAITS WORD

Garrett Will Not Appoint Committees Until He Hears From Governor Sam A. Baker.

Whether or not any other arrangements are made in Maryville for Defense Day, July 4, Battery C of the 128th F. A. of the Missouri National Guard and the Reserve Corps officers in the vicinity will participate in a mobilization on that day, Major Rolf Raynor, staff officer of the 128th F. A., said this morning.

But he was of the opinion that as soon as a communication is received by Mayor W. Garrett, from Gov. Sam A. Baker, in regard to the activities on this day, quick and effective plans will be comsummated for the observance of the Reserve Officers' Corps, the Major said.

All reserve officers are urged by the War Department to take an active part in the activities of Defense Day and will be requested to mobilize with the nearest military organization.

July 4 has been designated by President Coolidge as the second observance of Defense Day in the United States by its military organizations and citizens. Governor Baker has made known in a statement yesterday that in event Missouri towns and cities would be able to make plans for the day at so short a notice he would be pleased.

At the local battery of the National Guard a communication has been received from the Corps Area headquarters mapping out a tentative outline for a Defense Day program. The suggestions for the program are:

1. Assembly and parade.
2. Prayer for our national welfare.
3. Patriotic music.
4. Reading of the Declaration of Independence.
5. Address, emphasizing the historical occasion and the value of Defense Day.

Citizens are urged to affiliate with the local military or semi-military organizations for mobilizations, for the purpose of forming a parade. All civic and semi-military organizations of the city will be requested to organize their personnel on this day.

The object of the Defense Day:

To present to the people of the Nation our National Defense policy and the plans in support thereof; to test the adequacy and practicibility of these plans; to emphasize the historical occasion when Congress first pledged the manpower and resources of the country for the national defense and to commemorate the sacrifices made for national defense.

Mayor W. O. Garrett today received a communication from Major-General G. B. Duncan, commander of the seventh corps area, at Omaha, requesting his support and co-operation in this movement. Mayor Garrett said this morning that he had as yet received no word from Governor Baker that he would not make any plans or appoint any committees for the carrying out of a defense day program until he did receive word from the Governor.

Durbin to Quit as Deputy Circuit Clerk

Burdette Yeo of Maryville Is Appointed by Virgil Rathbun, to Fill the Position as Deputy.

Leo Durbin, who for more than a year has been deputy circuit clerk of the Nodaway County Circuit Court, will resign from his position, his resignation to take effect June 15.

Judge John M. Dawson, judge of the district, has signed an order that the circuit clerk, Virgil Rathbun, appoint another to take the place of Mr. Durbin, for a period from June 16 to December 31, 1916, inclusive.

Today Mr. Rathbun appointed Burdette Yeo, son of C. B. Yeo, of this city, to the office of deputy circuit clerk.

Katherine Courtney Winner in Contest

Katherine Courtney, younger daughter of Mr. and Mrs. W. E. Courtney of Kansas City, was the winner in a musical contest conducted by the Kansas City Conservatory of Music Wednesday morning, according to word received by relatives here. The instructors entered their most talented pupils, and all contestants were under eleven years of age. The young girl and her older sister, Ellen Elizabeth, gave a recital Thursday night at the Linwood Baptist Church.

BATTERY PUTS IN HARD LICKS

IS PREPARING FOR TWO WEEKS' SUMMER CAMP NEXT MONTH.

TO LEAVE HERE JULY 11

Two More Recruits Are Added Recently—128th F. A. Will Encamp at Fort Riley, Kan.

The officers, commissioned, non-commissioned and privates of Battery C, 128th F. A., are spending their efforts the last several weeks to improve their drill work and military knowledge for the competition at the summer camp at Fort Riley, Kan., next month.

Non-commission officers and chief of sections, have been holding extra schools of instruction for two or three weeks, according to Major Rolf Raynor, staff officer of the 128th Field Artillery.

He stated this morning that official orders were received this week from the Missouri National Guard headquarters, concerning the date of the summer training camp for the 128th F. A. The Missouri National Guard will participate in a camp of instruction at Fort Riley, July 12 to July 26, inclusive.

It is the order this year that all enlisted men and officers will be required to attend camp, and about the only excuse for not attending will be sickness. It was the opinion of Major Raynor this morning that the personnel of Battery C will be from sixty to seventy men at the two weeks' camp.

The number of enlisted men has been increased of late. Former first sergeant, Harold R. O'Banion, has enlisted, and has been made battery clerk. The last recruit to be added to the battery is Roy G. Brown of Skidmore.

It is expected, Major Raynor said this morning, that a special train will be made up here by the Burlington Railroad for the transportation of the men and materiel of Battery C to Fort Riley. The expectations are that seven cars will constitute the train, that will leave on the Burlington tracks the evening of July 11, where it will be routed by the way of Kansas City and there make up with the other units of the 128th F. A., and thence go to the summer camp.

Lieutenant Sears, veterinarian, of the Reserve Corps, has requested that he be allowed to accompany Battery C to summer camp, but as yet, Major Raynor said, no official order has been received.

King's Choice

Sir John Baird of London has been named the new governor general of Australia. He will take office at once, succeeding Lord Forster.

MARINES ARE LANDED TODAY

FOLLOWS REIGN OF TERROR ON CHINESE SOIL.

TROOPS SUPPRESS MOBS

Rioting Described As "Inhuman,"—Situation Such That It Might Get Beyond Control.

Shanghai, June 13, 1 o'clock a. m.—A force of marines were landed and two destroyers, rushed to Kinkiang, an important city, following a reign of terror. The British and Japanese consulates and main foreign buildings were in flames following the rioting. A bank is reported to have been raided and the consulate fired on by the mob. The flames were extinguished, and the mob supressed by Chinese troops.

Peking, June 13.—The Chinese government sent word to the British legation describing the rioting at Shanghai and Hankow as "Inhuman." It indicated that the Chinese wished to isolate the British and other powers and typifies the popular feeling.

San Francisco, June 13.—All students arrested in Shanghai, as a result of rioting there, have been released, the Chinese Times is reported to have told the United Press.

The Times received a delayed cable asserting that the students were released from custody on June 11.

Advises to the Times listed six killed and six wounded, all Chinese, in the riot between Chinese laborers and British volunteers.

The Chinese World today told the United Press that it had a cable from Shanghai, briefly saying that 100,000 Chinese were gathered in a demonstration of protest against British and Japanese treatment of natives.

Washington, June 13.—Empire Forum riots and strikes in China have spread to Fuchow, Psingtau and Swatow, cable advises to the state department indicated to day.

London, June 13.—Special dispatches from Peking today emphasized that the tension in China is growing and indicated that the situation could get beyond control and terminate in a calamity.

2 Detectives Killed in Fight with Gunmen

Another Believed Will Die as Result of Warfare With Bandits On South Side of Chicago.

Chicago, June 13.—Two detective sergeants were slain and a third probably wounded and three bandits wounded and captured in a bitter battle on the south side shortly before noon today. The dead are:

Sergeant Harold Walsh,

Sergeant Harold Olson,

Sergeant Michael Conway was taken to a hospital with a bullet wound over his forehead and may die.

During the battle policemen traced the bandits for more than two miles. It is believed that the gunmen were the same who earlier in the day were in a fight with a rival gang in a running automobile fight.

The bandits shot at them and policemen, drawing revolvers, fought it out after the car was wrecked. Sergeant Swiney and other members of the squad captured the gunmen.

Employment Demands Cannot Be Filled

The demand for farm hands and others for various kinds of labor is at a low ebb at the present time, according to reports from the Chamber of Commerce and the Farm Bureau office.

There have been many inquiries at these places for situations but these organizations have been unable to place the men as the demand has been so light.

With the coming of the haying season and later the harvest the demand for farm hands in this county will be increased but at the present time the farmers are not desiring any more hands.

The Weather

Mostly fair tonight and Sunday; not much change in temperature.

THE ONLY DAILY PAPER IN NODAWAY COUNTY.

MIRROR NEVER LIES.

Conditions are never any better nor any worse than the average of the public. Economic, moral, ethical, religious and political institutions and conditions are mirrors reflecting the majority of the public.

The poor, for instance, condemn the system that permits a few to have the lion's share of the world's wealth. This is true in our generation. It has always been true—since the most physically powerful prehistoric man made the weak pay tribute to him.

The poor tolerate the existence of gigantic fortunes because deep in their hearts they nurse the hope that some day, they, too, will be in the rich class. They do not want to destroy the goal they aspire to. As long as there is a chance for the poverty-stricken man to become wealthy, the rich need have no fear of being seriously disturbed.

People do not burn down a house they hope to inherit.

A newspaper is a mirror of its readers. The man who reads the conservative paper is a conservative at heart. The man who devours radical publications is a died-in-the-wool radical—whether he has the courage of his convictions or not.

You can discover the character, emotional balance and the mental state of a man or woman by observing what they read. You will also discover their suppressed functions—as when a weakling reads a physical culture magazine or a timid man submerges himself in the virile stories of the great open space. Suppressed function is the thing we yearn for without power to obtain it.

Graft on a big scale is a mirror reflecting petty dishonesty among the public. Dishonesty is not just a matter of theft; it exists whenever a man fails to give a fair return for what he gets, either in commodities or service.

The merchant reading his scales a bit in his favor is the genesis of graft by some large corporation. The consumer who snitches a ripe plum when the grocer isn't watching, or who fails to pay his fare when the conductor overlooks him, is the contributor to the system of big plunder.

In politics, too, the government is just as good or just as bad as the average of the people governed. When public ethics are lax, watch for graft in high places. When—as in the last presidential election—nearly half the eligible voters fail to go to the polls, it reveals an indifference as to whether the government is honest or crooked.

The people are the trees; conspicuous conditions the fruits.—Hannibal Courier-Post.

HINDENBURG'S CHANCE.

Insofar as the Allies' demands on Germany, compliance with which is the price that must be paid for evacuation of the Cologne zone, conform to the terms of the Treaty of Versailles they must be regarded reasonable. The disarmament of Germany is required by the Treaty and was agreed to by the signatories for the vanquished state. What shall constitute disarmament is described in the Treaty. It is the right of the Allies to determine whether or not the provisions have been carried out. That they have not been carried out is the judgment of Great Britain, France, Italy, Japan and Belgium. The joint note just handed to the government at Berlin makes this plain.

Some of the demands may seem harsh, but they are just, all the circumstances considered. If Germany is wise she will delay but little in complying. It may be conceded that some little time will be necessary to quit popular resentments against foreign interference with German domestic affairs that the note will arouse. But Germans might as well make up their minds now as later that they cannot escape heavy penalties for the dreadful war crime committed by their country. The quickest way out is through compliance. They can improve their moral position this way and gain material advantages that will be denied them until they do comply. Germany is entitled to security as long as she behaves properly. She will have no less security disarmed to the full extent of the Allies' requirements than she has now.

President Hindenburg has a chance to prove the quality of his statesmanship. If he can carry the government and people along the right course he will serve Germany and Europe faithfully and well.

Fifty Years Ago

(Taken from the Nodaway Democrat, June 10, 1875).

A light frost last Sunday night.

The M. E. Church at Pickering will be dedicated on the 27th of June.

Third street, one of the principal thoroughfares leading into town, is being graded and greatly improved thereby.

Our townsman, Henry G. Harmon has now completed and has in running order his planing mill and sash and door factory, to which fact he directs the attention of the reader in a local this week. The machinery in this factory is of the latest pattern and it is now turning out a quality of work that speaks its own praise. Mr. Harmon has erected this much needed improvement at a great expense and we hope that the people of this county will give him in return the generous support he so richly merits.

'Squire Purcell of Jefferson township and David Pope, Esq., of Washington township, called in to see us last Saturday. They report crops in that part of the county as looking very well with the exception of wheat, which has been injured by the chinch bug. They have not seen the "hoppers" yet and do not desire the sight.

We received a pleasant call last Saturday from Mr. James M. Pierce, editor and proprietor of the Hopkins Journal. Mr. Pierce is an affable gentleman, and an experienced and able newspaper man. His paper, the Journal is full of local news and is receiving a merited, hearty support from the live town of Hopkins.

We hear from various parties that there has never been a better prospect for all kinds of crops in the north and northwest parts of the county than there is at the present time.

James W. Lamar, of Lincoln township, called on us last Monday. Mr. Lamar informs us that a very peculiar worm has infested the trees in Nodaway bottom. These worms are about two inches in length and of a yellowish green color and are eating the leaves off the trees, but confine themselves solely to the trees. Mr. Lamar says that the prospect for a beautiful corn and wheat crop never was better than at present, in Lincoln township.

The following gentlemen were appointed for the ensuing year to the different city offices by our town council at their meeting on last Monday night: Assessor, Ed Warson; collector, Ira Kellogg; marshal, W. E. Trueblood; treasurer, Geo. S. Baker; clerk, C. C. Graham; attorney C. A. Anthony; night policeman, George Dearing.

Nat Sisson purchased some two years ago a forty acre tract of land in the Nodaway Valley, located about one-fourth of a mile west of Nash's Star Mills, in the vicinity of Bridgeport. This forty may prove very profitable aside from its agricultural qualities. Marteny Skidmore discovered on this piece of land a mineral spring which is said to have fine medicinal qualities. The spring has been visited and the waters drank with beneficial effects by a number of invalids. It waters are now being analyzed by one of our physicians and when its properties are more fully known we will enlighten our readers.

The Democrat tells of a five-legged calf that was born on the farm of Sammy Stonehocker of Barnard. The superfluous leg is attached to its back close to its tail and reaches over half way to the ground. Where it is attached to the rump there is a lump of flesh and bones about the size of a quart bowl. To this lump is growing the leg, a small tail, teat and ear, nearly the size of its other ears. When the calf runs and kicks up its heels, as calves usually do, the leg is turned around in all conceivable shapes without inconvenience or pain. Money could be made by exhibiting it. Uncle Sammy is satisfied of the fact, but says he is to old to go into the show business extensively, and would sell to some youthful Barnum who has stout lungs and plenty of cheek. The calf is some four or five weeks old.

The monthly concert of the Maryville Sabbath school, was held last Sunday at the Main street M. E. Church. These concerts are always well attended. Judge Alderman was the superintendent. Mrs. Signs presided at the organ. Brief and appropriate speeches were made by Messrs. Roseberry, Workman, Black, Caughlin and Snyder.

TWENTY YEARS AGO.

The outlook is that paving this year will cost more than that heretofore. It will probably cost about $1.40 per foot to $1.25 before.

The 4th of July committee has secured Judge Boyd of St. Joseph as orator of the day at the Maryville celebration. The committee will secure, also, an able speaker of the Woodmen order.

Yesterday marked the greatest event in the cattle industry, in the history of Nodaway County, when 56 head of Parkdale Short Horns sold for $23,296, topping all sales of all breeds made in the United States during the past year. The attendance was the largest that ever assembled at a public sale in the west for many years, being estimated at 2,000. The sale was held under a large tent on the C. D. Bellows farm, which was packed to its utmost capacity.

Miss Grace Morrison left Saturday morning for Springfield, Mo., where she will teach a two months' term at the Normal there. Miss Morrison returned from college at New York City last week.

The new restaurant of F. P. Reuillard on West Third street was opened for business Saturday. Schumacher's orchestra furnished the music for the occasion.

Judge and Mrs. J. C. Curfman have gone to attend the graduation of their son, George Curfman, from the Northwestern Medical College at Chicago. They will also visit their son, Fred Curfman, and family, at Benton Harbor, Mich., before returning home.

The opening of the Carnegie Library will take place soon, about July 1. At the meeting Monday, officers were elected for another year as follows: John G. Grems, president; Chas. Hyslop, vice-president; S. G. Gillam, secretary; and George L. Wilfley, treasurer.

Edward G. Orear of this city is attending this week a meeting of the State Pharmacists at Warrensburg. He is president of the Association.

Sunday evening's storm did quite a little damage southwest of Maryville. There was considerable hail.

A quartette of young men went out the first of the week to spend a whole week camping in the woods. They were D. J. Howell, Harold Walker, Edward Williams and James Todd, Jr. They have a habit of doing this thing annually, and it has never failed to rain the first day or two after their going into camp, as it did on Sunday evening.

Sarl Wray of this city and Miss Rabel E. Whiteford, daughter of Mr. and Mrs. Mathew Whiteford of Guilford, were united in marriage at the home of the bride's parents Wednesday noon. They will go on a trip to Milwaukee for a week or so and will be at home in Maryville after July 1.

Dish Water Suds Is Source of Big Suit

Kansas City, June 13.—Whether or not Mrs. Rosana Hoqumburg, Missouri Pacific station mistress, was washing her dishes or the station floor with a pan of suds has became a legal factor in the trial of Robert M. Sebree for $3,000 damages.

Sebree claims the woman threw a bucket of suds out the station door that scared a horse he was driving and a mule he was leading, caused them to run away and that he received serious personal damages.

Mrs. Hoqumburg says that she threw out only a pan of suds that she had used to wash her dishes. The railroad's claim that if this is the case the woman was not an agent of the road and it is not responsible.

The court has decided that the jury will have to answer a series of special questions when it brings in its verdict in the trial.

De Soto Begins to Rebuild After Cyclone

De Soto, Ill., June 13.—The Christian Church of this city has announced plans for the immediate construction of a new church to replace the one blown down by the cyclone which struck the district in March.

A series of meetings is now being held in tents—furnished by other churches of the city—and collections are being taken at these meetings for the election of the church.

The city is rapidly overcoming the damage of the storm and most of the main business section of the city has been rebuilt.

Commerce and Civics Must Go Hand in Hand for Building of Community

The following is the tenth installment of the article on "Community Advertising," written for the Democrat-Forum and Tribune by D. A. Caldwell, secretary of the Maryville Chamber of Commerce.

Unless there is coupled with a pleasing personality, a desire and an inclination to modernize the community and discard old customs, ill-will is bound to be developed, because the community will be divided. All citizens must be builders, for building a community is community business. Commerce and civics must go forward hand in hand, because materialism always has to pay the bills incurred by idealism.

Denver takes special pains to entertain the porters, street car conductors, taxi-drivers, and others, to sell them Denver, so that they, in turn can sell their city, with definite facts and figures to the traveling public.

Many cities are deficient in prestige and good-will in many phases of their activities, especially those which come under observance of the tourist and investor. L. N. Flint, chairman of the department of journalism, of the University of Kansas, gives the tests of a town as: 1. Attractiveness; 2. Healthfulness; 3. Education; 4. People; 5. Recreation; 6. Living conditions; 7. Accessibility; 8. Business Opportunities; 9. Employment; and 10. Progressiveness.

Without these attributes, some communities may become richer and greater, but they do not become better.

Conventions of men and women of affairs are of distinct advantage to the community where they are held. The publicity that is received, if properly organized, is worth far more than the immediate financial return, which is often considered of first importance. There is no advertising medium which will accomplish more than the comparatively inexpensive convention which brings one or more hundred people to your town, and then they go away with your selling literature.

Petree-Butts Wedding.

A wedding ceremony of much interest will be solemnized late this afternoon at the home of Miss Mary Sue Hopkins in Hickman Mills, Mo., when Miss Marie Elizabeth Petree, daughter of Mr. and Mrs. Charles B. Petree of Rosendale, will become the bride of George Colby Butts of Maryville. The single ring service will be read by the Rev. King Stark, pastor of the Hickman Mills Christian Church. The bride will be gowned in imported flowered chiffon, golden oak in tone, over a peach colored underslip. A knife pleated flounce on the bottom of the skirt and the jabot are made of the same material with ties of a darker shade falling to the hem of the one-piece frock. Her slippers and other accessories are of a shade to correspond with her gown, and she will carry a shower bouquet of bride roses and valley lilies. The bridesmaid will be Miss Hopkins, an intimate friend of the bride, and Roger S. Miller of Kansas City will act as best man for Mr. Butts. Others witnessing the ceremony will be Mrs. Milly Hopkins, Mrs. King Stark and the Rev. Philip Stark, a brother of the officiating minister. Following the ceremony light refreshments will be served. Mr. Butts and his bride later will motor to Kansas City where they will visit over the week end. They will arrive in Maryville early next week and wil be at home to their friends at 322 West Seventh street.

The wedding is the culmination of a romance that dates back to college days in Columbia. The bride attended Christian College during 1921-1922 while Mr. Butts was a student at the University of Missouri. Mrs. Butts is a member of Phi Theta Kappa, honorary scholastic sorority of Christian College. She taught in the Savannah schools for two years and is an alumna of the same school, being a member of the 1919 graduating class. She has many friends in Maryville, made while attending the 1920 summer semester of the State Teachers College and during her frequent visits here.

Mr. Butts is the son of Mr. and Mrs. H. C. Butts of Chillicothe and has been connected with the Democrat-Forum since May, 1923. He now holds the position of city editor. He received his A. B. from the University of Missouri in 1922 and a year later took his B. J. degree from the same institution. He previously attended William Jewell College at Liberty for three years. He is affiliated with Kappa Tau Alpha, honorary journalistic fraternity. During his two years' residence in Maryville Mr. Butts has made a wide circle of friends.

Mr. and Mrs. Butts have deferred their wedding trip until August when they will spend several weeks at points in Colorado.

Frank and the former's sister, Mrs. Frank Ridgeway of Saguache, Colo., Mr. and Mrs. Arch Frank and daughter, Eva Margaret, Mr. and Mrs. Dale Bellows and daughter, Emma Ruth, and Mr. and Mrs. G. B. Roseberry and daughters, Esther and Laura Phoebe Roseberry.

P. E. O. Picnic.

A picnic supper for members of Chapter L, P. E. O., and their husbands and friends will be given next Wednesday evening at Parkdale Farm, the home of Mr. and Mrs. Dale Bellows. The affair will close the year's activities.

Collings-Fisher.

Miss Ruby Collings of Clarinda, Ia., and Thomas G. Fisher of Maryville were married yesterday in Kansas City. Mr. and Mrs. Fisher will be at home in Coin, Ia. Mr. Fisher is a traveling salesman for the Wheeler-Motter Company in St. Joseph.

Bellows Bridge Parties.

Mrs. Dale Bellows and Mrs. Fred Bellows were hostesses at morning and afternoon bridge parties yesterday at Parkdale Farm, the home of the former. Twelve tables were arranged for the morning party and the high score prize was won by Mrs. Ferdinand Townsend. The games were played at ten tables in the afternoon, the favor going to Mrs. T. H. Cook. Garden flowers in various tints were used throughout the rooms. Guests from out of town included Mrs. Charlotte Cotton of Kansas City, Mrs. Frank Ridgeway of Saguache, Colo., Mrs. Paul Ream of Kansas City, Miss Mary Bell of Liberty, Mrs. Heber Hunt of Excelsior Springs, and Miss Nellie Douglas of Los Angeles, Calif.

White Cloud Club.

Reed work was the diversion at the meeting of the White Cloud Club Thursday afternoon at the home of Mrs. Charles Hilsenbeck. Refreshments were served at the close of the afternoon. The reed work will be continued at the next meeting June 18 at the home of Mrs. Mary Brackin. Those present were Mrs. Charles Rice, Mrs. Paul Saxton, Mrs. Robert Russell, Mrs. William Hoshor, Mrs. Mary Brackin, Misses Elsie and Esther Hilsenbeck and the hostess.

Picnic Supper.

A party of young people, numbering twenty-two, enjoyed a picnic supper Thursday evening at the White farm, west of Maryville. In the group were Mr. and Mrs. Richard Kirby, Misses Mae Gannan, Marie Chandler, Vera MacLeod, Eula Martin, Mayme Grems, Dorothy Dow, Eva Martin, Lorene Bruckner, Roberta Cook, Alsamene King, and Floyd Cook, Ward Barnes, Donald Davenport, Glenn Trullinger, Joe Phipps, Russell Hamilton, Paul Robey, Henry Lamkin, Mervin McNulty and Fred Connor of Maitland.

Porch Party.

Mr. and Mrs. Roy Wolfers of Pickering entertained a group of relatives at a porch party last Tuesday evening. A picnic luncheon was served in cafeteria style. The guests included Mr. and Mrs. E. C. Wolfers and granddaughters, Betty and Julia Ann Wolfers, and Mr. and Mrs. C. E. Donlin of Hopkins, Mrs. Eliza Wolfers and Miss Mary Wolfers of Pickering.

For Mrs. Wolfers.

Chapter K, P. E. O., at Hopkins held its last meeting of the season yesterday afternoon at Woodlawn, the home of Mr. and Mrs. E. C. Wolfers. The meeting was in farewell courtesy to Mrs. Roy Wolfers of Pickering, who, with Mr. Wolfers and daughter, Margaret Ann, are leaving soon to locate in the west. During the business meeting, which opened at 4 o'clock, Mrs. H. A. Dalby was elected vice-president to succeed Mrs. Wolfers, who resigned. The members later were joined by the B. I. L's and an indoor picnic supper was served in cafeteria style at 7 o'clock. The rooms were beautifully decorated with baskets of delphinium, pink roses and Madonna lilies. A program followed the picnic supper. The B. I. L's staged a number of humorous stunts and a musical program was given. The opening number was a soprano solo, "Just A-Wearying' For You," by Miss Ruth Hopple, the selection being dedicated to Mrs. Wolfers. Miss Frances Beinert played "To Spring" (Grieg) and "To the Rising Sun" as encore. Mrs. Wolfers sang "Carmena" and her encore was "That's the World in June" by Spross. Mrs. A. F. Mutti, president of Chapter K, presented Mrs. Wolfers with a P. E. O. spoon and the recipient responded with a brief speech of thanks.

Among those present were Mr. and Mrs. A. F. Mutti, Miss Frances Beinert, Miss Doris Clutter, Mr. and Mrs. Harry Clutter, Mr. and Mrs. H. A. Dalby, Mr. and Mrs. C. E. A Shortage of Flappers Is Now Being Predicted

(Copyright 1925 by United Press)

New York, June 13.—Unless the stork watches its step there is likely to be a shortage of flappers in the next generation.

The legendary bird is now ushering into the world approximately 15 per cent more boy than girl babies, figures gathered by the United Press show.

Not so long ago, reports show, girl babies predominated; but during the past few months the male of the species has taken the lead and is now running well ahead of the "weaker sex."

Eleven of the 14 cities reported increases in boy births. Only two reported an excess of female births. In the other city—Kansas City—births, by sex, were equally divided.

Figures deal with the last 50 births recorded by the various cities.

In Cleveland 27 were boys and 23 were girls.

Detroit 26 and 24.
Indianapolis 26 and 24.
Denver 35 and 15.
Omaha 22 and 28.
Chicago 26 and 24.
Columbus 19 and 31.
Dallas 26 and 24.
Kansas City 25 and 25.
Milwaukee 31 and 19.
Cincinnati 30 and 20.
Lincoln, Neb., 28 and 22.
Los Angeles 27 and 23.
New York 27 and 23.

Of the total 700 births were reported from the 14 cities, 375 were boys and 325 girls.

The fact that males now predominate need not cause too much concern, however, say physicians here.

"Births run in cycles" they explained. "At one time boy babies will predominate; at another girls."

Thaw Says Newspapers Must Stop Hounding

Issues Warning to Press of the Country—Says That He Wants to Live Quietly.

New York, June 13.—Harry K. Thaw has issued a warning to newspapers to "stop hounding and pounding me."

Declaring he was attempting to live "quietly and decently as any ordinary citizen" the millionaire slayer of Stanford White, whose recent appearance on Broadway has created considerable talk, announced he was "tired" of being misrepresented.

"I am being held up in a ridiculous light. I don't like it, and I'm going to put a stop to it." Thaw said.

A statement on behalf of Thaw indicated strongly that libel actions would follow misrepresentation of his actions.

Scopes Asks Tennessee Teacher to Testify

Annapolis, Md., June 13.—John Thomas Scopes, young Dayton, Tenn., high school teacher indicted for teaching evolution is here with a request that Dr. Jesse W. Sprowls, head of the department of philosophy and psychology at St. John's College appear as a witness in his trial.

Dr. Sprowls is one of the teachers dismissed from the faculty of the University of Tennessee two years ago because he taught Darwinism in his classes. Dr. Neal was dismissed from the university at the same time when he took up the defense of Dr. Sprowls.

Another Arrest for Driving Without Tag

City and County Officers Will Enforce the Laws in Regard to State and City Auto Licenses

Fred Hasty, East Edwards street, foreman at the gravel pit northeast of the city, was last night arrested and convicted of operating an automobile without a state license. In justice of peace court before Justice Warren L. Johnson, he was fined $5 and costs on the state charge against him.

The city also has a charge against him of operating an automobile without a city license plate. This morning his trial had not been held. He was arrested yesterday by Chief of Police Bernard Dougan. Chief Dougan said this morning that the city police officers are making a check on all the owners of automobiles and trucks in Maryville, saying that if any are found who have not procured their city license tags or made the proper transfers they would be held liable for infringement of the city ordinance, which specifies that every vehicle should be equipped with a city license plate, and subject to a fine if the ordinance is not obeyed.

The prosecuting attroney, George Pat Wright, said this morning that the county officers will not tolerate vehicles to be operated without state licenses, or with only one license plate, or the switching of plates from car to another. He mentioned the case against Hasty, who had put plates issued for a Ford touring car on a Buick. This, he said, is contrary to the state law. He said state license plates are issued for a distinct vehicle and should be used only on such vehicle for which it was issued.

The officers are on the watch for any infringements of this section of the law and prosecution will be instigated upon complaint, says Prosecutor Wright.

Chicago Closing Grain Review.

Chicago, June 13.—Grains dropped sharply in an extremely wild short session on the Chicago Board of Trade today. December corn led with a drop of 3 to 3⅜ cents.

Progressive buying on opening soft stock, by strong local houses rallied wheat. There was a noted accent of outside support. Over-night rains greatly benefitted winter wheat regions. Nothing else definitely reported on export sales.

Corn dropped back with wheat at the fifth session. After having regained its early losses.

Oats was under the influence of other grain. Provisions were off a few points.

NEWS OF MISSOURI CITIES AND TOWNS

Columbia, Mo., June 13.—Boone county will be represented at the State Fair at Sedalia in August by Jack Merridith. Two alternates, Joseph Cason and James Cason are from the same school as Merridith.

Columbia, Mo., June 13.—The enrollment for the summer course at Missouri University reached a new high mark here today when it was announced that 1570 students had signed for the vacation period work.

Jefferson City, Mo., June 13.—Announcement has been made of the appointment of Col. Ben C. Hyde to the post of State Insurance Commissioner for a term of four years. Hyde, brother to the former Missouri governor was appointed by Gov. Sam Baker.

Only one more major appointment remains to Gov. Baker: that of State Inspector of Oils.

In appointing Hyde to the State Insurance Commission, Gov. Baker said that his choice was due primarily to his knowledge of Hyde's splendid character.

Macon, Mo., June 13.—Working out of the office of State Auditor L. D. Thompson, a force of accountants today are scheduled to begin an audit of the records of Macon county for the past five years.

The action follows the submission of a petition signed by 412 Macon county residents urging that the books be audited.

As the auditing expense was not admitted in making up the county levy for this year, according to County Court officials a new levy will be necessary to take care of the expense occasioned by the auditors.

Moberly, Mo., June 13.—A $20,000 damage suit has been filed against William Kelly, proprietor of the Merchants Hotel here, in the Randolph County Circuit Court, by Ella B. Tullar.

Mrs. Tullar who claims residence in Springfield, Ill., claims to have tripped and fallen over a pair of scales kept in the lobby of the hotel and sustained injuries amounting to the sum asked of Kelly.

The case will be heard at the September term of court at Huntsville.

Jefferson City, Mo., June 13.—A. C. Martin of Cahokia, Mo., has been named head of the new department of insolvent banks of the State Finance Commission. The new division of the commission was recently created by State Finance Commissioner C. E. French, who appointed Martin to head it. Martin was formerly a state bank examiner.

French avers that the new division which will look after the liquidation of the assets of the defunct institutions will guarantee a larger percentage on the dollar to unfortunate depositors. The new division, it is believed, will also expedite the work of liquidation.

The State Finance Commissioner predicted that the new department with 65 failed financial institutions to look after at the present time, would be the busiest at the capitol.

It is said similar divisions of the State Finance Commission in other states has proved successful.

Lexington, Mo., June 13.—Gov. Sam Baker has announced his appointment here of Lottie J. Taubman, as Recorder of Deeds for Lafayette County. She succeeds the late J. C. Shelton.

Kirksville, Mo., June 13.—Dr. W. H. Zeigle, for the past eighteen years identified with the faculty of the State Teachers College here, has resigned to accept a position as dean and head of the education department of the Delta State Teachers College at Cleveland, Miss.

Dr. Zeigle will leave to take up his new duties next August. The retiring professor was well known through this part of the state. Starting here as an associate professor of mathematics, he later became head of the department and finally dean of the school.

Boonville, Mo., June 13.—At a special election June 28, Boonville will vote on the issuance of $53,000 school bonds. The question of free text books will also be voted upon at this time.

It is proposed to use $14,000 of the bond issue for improvement and enlargement of the negro school; $14,000 for a new grade school and $25,000 for purchase and equipment of a public playground.

Jefferson City, Mo., June 13.—Attorneys Antrobus and Lauf and Williams, who for several months past have been weeding out the antique ordinances now on the city statute books with a view to revising the code have announced that the work is about completed and within a few days they will make a report on the matter.

The ordinances haven't been revised since 1903 and many lost ordinances are being unearthed.

The commissioners work two nights each week at the commissioner's offices.

Saw Three Die

KITTY KIERNAN.

By NEA Service.

London, June 13.—Kitty Kiernan, daughter of a Longford inn keeper, is engaged for the fourth time.

Each of her previous fiances was slain in the warfare that racked her native country, Ireland, for so many years.

First she was betrothed to Michael Kelleher, a member of the Royal Irish constabulary. He was shot to death in her father's inn.

Then she was engaged to Harry Boland. He, too, was killed.

Then she became the sweetheart of Michael Collins, famous Free State leader. A short time before the wedding date Collins was slain.

Now she is engaged to General Felix Cronin. And Ireland is at peace once more.

Miss Kiernan has been employed by the Free State government.

Communication

Burlington Junction, Mo.
June 12, 1925.

Editor Democrat-Forum and Tribune:

I am asking for a little space in your valuable paper to bring some facts before the citizens of Nodaway County that need remedying.

First the method of collecting our taxes. The present township collector system is costing the county $16,000 or more while over in Iowa, just across the line, Page County with a larger population and much more wealth in dollars, only pays $5,300 for the same service, and while Taylor County, adjoining on the East, only pays $3,100 to its treasurer and he hires his own deputy.

The system of township collector has no advantages to the tax payer whatever. As a taxpayer can go into any bank in the county and write a check payable to the county treasurer for the amount of his taxes and he can find that out by the use of his telephone at home. Really what do we get for this over $11,000. As to these local township collectors, they can easily find some job to work at in which they will produce wealth by honest labor. And the county will have additional money to build one or more county bridges yearly where as it is virtually thrown away.

No citizen has any right to ask special indulgence or an easy job at the public expense like this township collectorship.

The second piece of public business I wished to call attention to is the county attorneyship and the recent increase in salary. It is a know fact that many competent attorneys would be glad to honestly perform the duties as county attorney in Nodaway County for $1,500 to $2,000 per year. It looks like a square deal for the taxpayers, especially the farmers of the county who find it a hard row to hoe to make ends meet and clothe and feed his household, would call for a different conducting of the financing of Nodaway County.

RESOLUTION No. A-22.

A Resolution for Grading, Paving, Curbing and otherwise improving Walnut Street, from the present pavement on Lincoln Street, north to 18 feet north of the south line of Ninth Street, in the City of Maryville, Missouri.

Be it resolved by the Council of the City of Maryville, Missouri, as follows, to-wit:

SECTION 1. That it is hereby declared necessary to bring to the established grade, pave, curb and otherwise improve the roadway of the following street in the City of Maryville, Missouri:

Walnut Street, from the present pavement on Lincoln Street, north to 18 feet north of the south line of Ninth Street, including street and alley returns to a distance of three feet from face of curbs at intersections.

With a width of roadway on Walnut Street of 20 feet measured at a point where the pavement joins the curb, and of 24 feet on all interseeting streets and 12 feet on all interseeting alleys.

SECTION 2. The said grading shall consist of bringing the roadway of said street to the established grade, as provided by Ordinance No. 1004 of the City of Maryville, Missouri, by cuts and fills and by excavation, sufficient to provide for the aforesaid paving, as shown by the profile of said street now on file in the office of the City Clerk.

Said paving shall consist of 7 inch reinforced concrete paving laid on a well rolled sub-grade.

The curb shall consist of an integral curb, constructed of concrete. The curb shall be 5 inches wide at top and 6 inches at bottom, and an average depth of 13 inches.

All of the aforesaid improvements shall be constructed in strict accordance with the plans and profiles now on file in the office of the city clerk.

SECTION 3. The cost of said work, to-wit: grading, paving, curbing and otherwise improving, including the cost of bringing said street to the established grade shall be levied as a special assessment upon all lots and tracts of land upon either side of said street improvements abutting thereon, as provided by law, and special tax bills, bearing interest at the rate of 8 percent per annum after 30 days shall be issued to the contractor for payment of said work.

SECTION 4. This resolution shall be published for seven consecutive insertions in the Daily Democrat-Forum and Maryville Tribune, a daily newspaper published in said city.

Passed and approved this 9th day of June, 1925.

RESOLUTION No. A-23.

A Resolution for Grading, Paving, Curbing and otherwise improving Fillmore Street, from a point 12 feet north of the center line of Second street to the south line of Fourth Street, in the City of Maryville, Missouri.

Be it resolved by the Council of the City of Maryville, Missouri, as follows, to-wit:

SECTION 1. That it is hereby declared necessary to bring to the established grade, and pave, curb and otherwise improve to a total width of 23 feet, 11 inches, from face of curb to face of curb, the roadway of Fillmore Street, in the City of Maryville, Missouri, from a point 12 feet north of the center line of Second Street to the south line of Fourth Street.

SECTION 2. The said grading shall consist of bringing the roadway of said street to the established grade, as provided by Ordinance No. 1030, of the City of Maryville, Missouri, by cuts and fills and by excavation sufficient to provide for the aforesaid paving as shown by profiles of said street, now on file in the office of the City Clerk.

Said paving shall consist of 7 inch reinforced concrete paving laid on a well rolled sub-grade.

The curb and gutter shall consist of an integral curb, constructed of concrete. The curb to be 5 inches wide at top and 6 inches at bottom, and an average depth of 13 inches.

All the aforesaid improvements shall be constructed in strict accordance with the plans and profiles therefor now on file in the office of the City Clerk.

SECTION 3. The cost of said work, to-wit: grading, paving, curbing and otherwise improving, including the cost of bringing said street to the established grade, shall be levied as a special assessment upon all lots and pieces of ground upon either side of said street abutting thereon, as provided by law, and special tax bills bearing interest at the rate of 8 per cent per annum after thirty days from the date of issue evidencing such assessment shall be issued to the contractor for payment of said work.

SECTION 4. The Council of the City of Maryville, Missouri, further finds that the distance covered by this pavement is less than twelve hundred feet, and that it connects with pavements at each end. All curb and gutter now constructed on said streets on established grades shall be deducted from this work.

Any person desiring to do so may appear before the City Council of Maryville, on the 26th day of June, 1925, at 7:30 p. m., and be heard upon the question of the necessity of the work sought to be done under this resolution.

Be it further resolved that a copy of this resolution be published seven consecutive insertions in the Democrat-Forum and Maryville Tribune, a daily newspaper published in said city.

Passed and approved this 9th day of June, 1925.

DR. W. F. BURRIS TAKES CHARGE

(Continued from Page One)

has been president of the board, resigning at the commencement exercises last week, on account of his new work at Marionville.

Doctor Burris is known not only in the Missouri conference, but nationally. He was for eight years a member of the General Board of Control of the Epworth league of the Methodist church, and is now a member of the Board of Foreign Missions. He was a delegate to the Ecumenical Conference of Methodism which was held in 1921 in London, England, and was a delegate to the General conference, the law making body of the Methodist church. For four successive meetings, in 1908, 1912, 1916 and 1920.

The Home for Aged Folk, which Doctor Burris will direct, is a new project of the Methodist church, and Doctor Burris will be the first superintendent. The buildings to be used are those of the old Ozark Wesleyan college and the first work will be that of remodeling. The home will be opened about Oct. 7.

Dr. Thompson Successful.

Dr. E. B. Thompson, Doctor Burris' successor, has also had much experience in church work. He was superintendent of the Cameron district for four years, before taking his present place, and has been a pastor and district superintendent in the Missouri conference for 27 years. During the last year, he has been executive secretary of the Missouri Methodist hospital. His appointment to the new work was made by Bishop P. L. Waldorf of the Kansas City area.

The St. Joseph district, of which Doctor Thompson will be superintendent, comprises the northwestern counties of Missouri, including Buchanan, Atchison, Nodaway, Worth, Holt and Andrew counties. The district superintendent manages the finances of the churches of this district, and presides at the quarterly conferences of the churches.

Dr. O. J. Carder is a prominent worker in the St. Louis district, and has been successful in financial work. A new Methodist church has recently been completed in Carthage, under his supervision, and his church, the First Methodist, is the leading church of that denomination in Carthage.

Vacancies on Student Council Were Filled

Seniors Elected Harry Nelson, Freshman Class Dorothy Dow, Philomatheans Julia Hankins.

Four of the five vacancies on the Student Council of the Student Government Association of the State Teachers College were filled yesterday afternoon by regular elections within the organizations in which the vacancies occurred. The senior class elected Harry Nelson to take the place of Jason Kemp who is not in school this summer. The freshman class elected Dorothy Dow to fill the place left vacant by Willeta Todd. The Philomathean Literary Society elected Julia Hankins. The sophomore class elected Mae Gannon but the election is said to have been held irregularly and may have to be held again the first of next week in order to elect a representative in the manner stipulated by the student constitution. One of the positions on the council as representative from the student body at large is vacant also as a result of Raymond Ifenning's leaving school at the end of the spring quarter.

All of the above elections were held under the provisions of the new constitution which was adopted at the close of the spring quarter of the school year.

The next regular meeting of the Council will be held next Thursday evening at Residence Hall.

Expect to Reach Miner Entombed Since Tues.

Camp Sally, Calif., June 13.——The outside world came into communication today with Robert Hill, entombed in a mine since Tuesday. Communication was made through a steel pipe.

He said that he "was all right," talking to the superintendent of the mine who was in charge of the rescue work. "Are you all right," the superintendent shouted, and received the answer;

"Yes I am all right, not injured, but mighty hungry."

It is said that the rescuers would reach him today, as twenty feet of rock separated him from the party.

Stork and Airplane Co-operate in Iowa

Chicago, June 13.—The stork and an airplane flew here together this week to present a seven pounds daughter to Mrs. Henry Metzner, Des Moines, Ia., it has been learned.

Dr. Arthur Guild decided last Wednesday that the only possible way to save the child and mother was a caesarean operation. Dr. Benjamin Breakstone, Chicago, was notified and an airplane chartered at once to bring Mrs. Metzner here. The ship made a safe trip that night. The operation was performed at once.

Today little Miss Mefzner, who has been given no other name at yet, is cooing contentedly in a local hospital. Dr. Breakstone said the trip had no ill effects and that both mother and daughter are doing well.

Jefferson City, Mo., June 13.—A supplementary bus service by the Missouri Pacific will start trips between here and Sedalia next Sunday. The bus will make three round trips each day. The bus can accommodate about fifty passengers.

For Unexpected Company

When unexpected guests call and you are not prepared to serve them with refreshments we suggest Ice Cream. Nodaway Ice Cream can be obtained at Quick Lunch, Roach Cafe, Knox Cafe, Worthington Cafe, South Side Bakery, Thompson, Yehle Tea Room, Shackelford Drugs, and Country Club. All of the popular styles and a special or two to select from.

A SUGGESTION FOR SERVING: Cut fresh or canned fruit into small pieces and then sprinkle them thickly over the top of the Ice Cream. It's healthful, nutritious dessert, and economical, too.

We are especially prepared for making special orders for parties and banquet occasions.
